Title of Assignment 2: Intertextuality and Wider Reading

Deadline for this work: 16th July 2021

Assignment 2: Researching New Texts

There are obviously almost an infinite number of literary and non-literary texts in the world: novels, plays, poems, short stories ... biographies and autobiographies, newspaper and magazine articles, advertisements, speeches and transcripts, examples of new technology ... the list really is endless!

Your task is to find an example of each of the following – and as far as possible fulfil the additional criteria: a play, a novel, a poem and a piece of non-fiction which you think have a thematic connection. Within these four texts can you also choose ones from different places, cultures and time periods? Write at least a side of A4 explaining your choices ...

Each of these texts explore both physical and psychological journeys ... what do they have to say and when and where are they from?
