

Covid-19 update 19 March 2020 3pm

Dear Parents

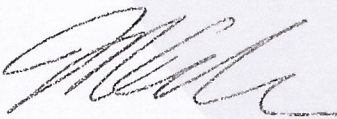

At the time of writing, we have received no further details regarding school closures or the position regarding examinations. As soon as we receive information that clarifies the situation I shall inform parents.

I just wanted to communicate that on Friday 20 March 2020, Knole Academy remains open for all pupils. I hope this is a state of affairs that we shall soon return to.

May I ask students remove items from their lockers that they will require for home study as well as any PE kit or perishable items.

The arrangements for education on the Knole Academy site for the children of front line workers and vulnerable students will be emailed on Friday afternoon when numbers in attendance have been established.

Best wishes

David Collins
