Amherst Junior School

4.15 – 5.15pm

	Attendees: Andrew Reid (Chair) [AR] Clare Strange (Sports partnership) [CS] Representatives for each school (register attached)	Action
1	Welcome AR welcomed everyone and thanked them for their attendance. AR thanked CS for her continued support	
2	Apologies No apologies	
3	Financial Check It was proposed that the subs remain at £50. A discussion about whether it was possible to reduce the subs in the light of school budget difficulties was held. AR explained that whilst the balance was relatively healthy and currently stands at £2,4000.00 the balance is reducing and is being eaten into every year. CS also commented that currently Knole Academy does not charge for the use of its venue but that this may change when the Head changes. In the light of the discussion it was agreed to keep the subs at £50. AR highlighted the importance of paying the subs as they are the only source of income. If anyone has any ideas for new equipment, please email AR with your suggestions as it could be bought for the partnership's use.	
4	Sport Funding The funding is secure up until 2020. The first part of the money is funded by the department of Education with the additional funding coming from the Government's Sugar Tax. The money should be for the 2 hours of PE (as normal), but it should also give children an extra 30 minutes of activeness per day. There has to be an element of teaching the parents of how to maintain and live a healthy lifestyle. The 30 minutes can be within the class, the children do not have to get changed. The children can stop during lessons for a short burst of activity. CS outlined some ideas and examples of how it can be achieved and offered to visit schools for an after school staff meeting to disseminate ideas to other members of staff. The money is available and must be spent. CS gave examples of how some schools had used the money: schemes of work, swing balls, outdoor table tennis, outdoor surfaces. CS explained it is about Getting Active, encouraging children to enjoy activities and then steering them towards the clubs to hone the skills. OFSTED will be looking at how schools are doing the above.
